Leave the sales tax worries behind and focus on what really matters – your business growth

Achieve complete tax and regulation compliance, minimize human error and reduce processing time and costs with Priority's and Avalara's integrated, modern and comprehensive Sales Tax Compliance suite.

Paying taxes is a big part of any business management scheme. However, doing it right can be rather complex. Priority and Avalara take the burden off your shoulders by automating tedious tasks, like sales tax rate calculation, hand management of customer exemption certificates and multi-state filing management. Priority's platform delivers increased performance, reliability, and unique agility that help improve revenue and profitability, automate complex processes and turbo-charge your business for rapid, painless growth.

Avalara

Avalara AvaTax

Delivers sales tax calculation as the transaction takes place, cross-checking thousands of rates, rules, and jurisdictional boundaries for more accurate results.

Avalara Returns

A seamless end-to-end service that prepares and files your returns and handles remittance according to a filing calendar you can easily manage online.

Avalara CertCapture

Collect, validate, and store all compliance documents in one central, secure repository for instant access and accountability.

Powerful Integration

With direct integration between Priority ERP and Avalara AvaTax, it is easier than ever to handle sales tax. The two systems connect seamlessly and provide you with accurate tax rates based on location, item type, and more. AvaTax is prebuilt into Priority ERP and ready to use right away.

Features and Benefits
